

TERMS AND CONDITIONS

Please read these Terms and Conditions carefully before making an Application to, or using the Services provided by IFZA Dubai. Capitalized words and expressions used in these Terms and Conditions have the meanings set out in the last section below.

Your access and use of the Services are subject to your acceptance of and compliance with these Terms and Conditions.

1. We may collect and process your Information when you make an enquiry with us or fill out an Application. Your Information will be held by us in compliance with the UAE's data protection laws. In addition to the disclosure mentioned in Clause 4 below, we may disclose your Information to third parties in response to a legal request, such as a court order or lawful demand by a UAE government authority, to report illegal activity, or to enforce our rights or defend claims.
2. You are obliged to disclose to us all relevant Information. This includes UBO information in compliance with the AML Regulations. You are also obliged to update us on any change to UBO information. This applies whether you incorporate an FZCO or register a Branch Office.
3. We may ask you, in our discretion, to provide such further information, in any such form or content, as we require.
4. When you make an Application, a security check via the UAE Authorities is conducted on each proposed natural person shareholder, each director and the general manager. We will supply the UAE Authorities with all relevant Information about you that we have collected. Our acceptance of any persons in these roles, and the Application itself, is subject to this check being approved.
5. An Application may be rejected at the discretion of the relevant authorities.
6. If your Application is approved, you will receive your incorporation or registration documentation via email for electronic signature. You must check your Application carefully including, without limitation, the activities that have been approved for your License. It is your responsibility to check the terms of issue of the License including the activities. Your electronic signature on the incorporation or registration documentation is deemed to constitute your acknowledgement and consent to all particulars of the Application including the activities on your License.
7. If you incorporate an FZCO, you are required to have Memorandum and Articles of Association. You may choose in the incorporation resolution you sign to form the FZCO to adopt our standard Memorandum and Articles of Association. If you choose to draft your own Memorandum and Articles of Association or modify our standard Memorandum and Articles of Association, your Application may take longer and be subject to further checks.
8. In operating your Business, you must comply with all Laws including, without limitation, the EST Regulations.
9. The activities of your Business are limited to the activities listed on your License. If you wish to change or expand the scope of your Business, you must change or add to the activities on your License.
10. Certain License activities may require the approval or consent of other regulatory authorities. IFZA Dubai may grant you a License with activities that require the approval or consent of other regulatory authorities on a provisional basis for a specified period, subject to you obtaining such required approval or consent of other regulatory authorities within that specified period. If you do not then obtain such required approval or consent of other regulatory authorities within that specified period, your License will be cancelled, unless you have changed the activities on your License, at your cost, to other approved activities prior to the end of the specified period.

11. You must renew your License on or before its renewal date. If you do not renew your License by the renewal date you may be subject to financial fines or penalties, suspension and even cancellation of your License. In order for your License to be renewed, you must pay any due financial fines or penalties in addition to the License fee.

12. Operating your Business from a free zone is different from operating a business in the UAE mainland. You are responsible to ensure that your Business operations comply with all applicable Law including, without limitation, all applicable Law in relation to the import and export of goods and services.

13. Where you employ people for your Business to work in the UAE, those people are employed subject to the Labour Law and Free Zone Regulation. You are responsible for ensuring that the terms and conditions of their employment comply with the Labour Law and Free Zone Regulation including any visa or work permit requirements. You are responsible for any fines, penalties or other sanctions relating to any non-compliance with Law relating to employment.

14. If you wish to close down your Business you are required to comply with Free Zone Regulation and other applicable Law.

15. Issuance of any Visa is subject to Free Zone Regulation and the UAE immigration authorities. Policies in relation to Visa issuance are subject to change from time to time in line with Free Zone Regulation and the UAE immigration authorities. Approval of an Application does not mean that a Visa will be approved for any particular person.

16. In order to apply for a Visa, you must first register for an Establishment Card. The costs for this are in addition to any amounts you have paid to establish your Business. You must renew your Registration annually for the Establishment Card. If you do not renew your Establishment Card by the renewal date, you may be subject to financial fines or penalties and you will be unable to apply for any further Visas.

17. To maintain the validity of a Visa, you must maintain your License. If you do not maintain your License, any Visa(s) issued under your License may be cancelled and/or the Visa holder may not be able to renew the Visa or obtain another Visa. Further, the Visa holder may be liable for fines and penalties.

18. You are responsible for any fines, penalties or other sanctions applied under Free Zone Regulation or by the UAE immigration authorities in relation to any person who has obtained a Visa through your Business.

19. The following words and expressions used in these Terms and Conditions have the meanings as set out below:

AML Regulations means UAE Cabinet Decision No. (10) of 2019 Concerning the Implementing Regulation of Decree Law No.20 of 2018 on Anti-Money Laundering and Combating the Financing of Terrorism and Illegal Organizations.
